Our hearts and sympathy are with the family of George Floyd during this horrific tragedy and heartbreaking loss. We stand united against racism and demand justice. We are against violence and hate and must work for love and peace. We stand for human rights, freedom, equality and liberty. America is us and we are America regardless of color, origin or religion. Let's unite for equity and dignity for all.

Our Farouk Systems staff and employees offer our deepest condolences to George's family and as Chairman, I plan to attend George's memorial in Houston, TX.

Respectfully,
